17,000 Classroom Visits Can't Be Wrong John V. Antonetti 2015-02-20 "Most educators are skilled at planning instruction and determining what they will do during the course of a lesson. However, to truly engage students in worthwhile, rigorous cognition, a profound shift is necessary: a shift in emphasis from teaching to learning. Put another way, we know that whoever is doing the work is

also doing the learning—and in most classrooms, teachers are working much too hard. Authors John V. Antonetti and James R. Garver are the designers of the Look 2 Learning model of classroom walkthroughs. They've visited more than 17,000 classrooms—examining a variety of teaching and learning conditions, talking to students, examining their work, and determining their levels of thinking and engagement. From this

vast set of data, they've drawn salient lessons that provide valuable insight into how to smooth the transition from simply planning instruction to designing high-quality student work. The lessons John and Jim have learned from their 17,000 (and counting) classroom visits can't be wrong. They share those lessons in this book, along with stories of successful practice and practical tools ready for immediate classroom application. The authors also provide opportunities for reflection and closure designed to help you consider (or reconsider) your current beliefs and practices. Throughout, you will hear the voices of John and

Jim—and the thousands of students they met—as they provide a map for shifting the classroom dynamic from teaching to learning."

The Better Writing Breakthrough Eleanor

Dougherty 2016-03-04 Every teacher knows the challenge of trying to engage reluctant readers and struggling writers—students whose typical response to a writing prompt is a few sentence fragments scribbled on a sheet of paper followed by an elaborate shrug of the shoulders. The best

way to engage less confident readers and writers is to give them something powerful to think about.

The Discourse and Writing Cycle explores writing as a means to focus student thinking, fuel deeper learning, and build complex understanding in English, social studies, math, and science. This field-tested approach from well-respected experts Eleanor Dougherty, Laura Billings, and Terry Roberts is designed for use in grades 4–12. The book explores the three interrelated sequences of the cycle—the Discourse Sequence, the Transition to Writing Sequence, and the Writing Sequence—and includes classroom examples and

sample lesson plans from across the content areas. The cycle will inspire you as a teacher and help you to inspire your students to write with confidence and competence. “How often we dim or extinguish the creative sparks that can come from good writing! William Butler Yeats proclaimed that ‘Education is not the filling of a pail, but the lighting of a fire.’ This book lights the fire for the teaching of writing.” –John Hattie, author of the Visible Learning books *Transforming Talk into Text—Argument Writing, Inquiry, and Discussion, Grades 6-12* Thomas M. McCann 2014 Author Thomas McCann invites

readers to rethink their approach to teaching writing by capitalizing on students’ instinctive desire to talk. Drawing on extensive classroom research, he shows teachers how to craft class discussions that build students’ skills of analysis, problem-solving, and argumentation as a means of improving student writing. McCann demonstrates how authentic discussions immerse learners in practices that become important when they write. Chapters feature portraits of teachers at work, including transcripts that reveal patterns of talk across a set of lessons. Interviews with the teachers and samples of student writing afford

readers a deeper understanding of process. Students also report on how classroom discussions supported their effort to produce persuasive, argument-driven essays. Book Features: A focus on “the thinking behind the practice,” as opposed to a collection of lesson ideas. Connections to important elements from the Common Core State Standards, especially arguments writing. Examples of students at work with examples of the writing that emerges from their discussions. Portraits of skilled teachers as they promote inquiry and sequence and facilitate discussions. Appendices with problem-based

scenarios, interview questions for students and teachers, samples of debatable cases in the news, and more. “In this important book, Tom McCann has given us not only the admonition to change, but the details about what effective change must be and what it looks like, evidence that it works effectively, and details about how to bring it to pass.” —From the Foreword by George Hillocks, Jr., Professor Emeritus, Department of English, University of Chicago. “For a professional book to have an impact on the field, it needs to address a perceived need. Writing arguments for Common Core performance

assessments is a HUGE need right now that this book helps address.” –Carol Jago, associate director, California Reading and Literature Project, UCLA.

Seine Abschiedsvorstellung Sir Arthur Conan Doyle 2012-01-01 »Holmes ließ den Lichtschein über das Fenstersims gleiten. Es war dicht besetzt vom Ruß der vorbeifahrenden Lokomotiven, aber an einigen Stellen war der schwarze Überzug verwischt und abgescheuert.
»Da sieht man, wo sie die Leiche abgesetzt

haben. Aber, holla, Watson, was haben wir denn da? Das ist zweifellos ein Blutfleck.« Er deutete auf einige schwache Farbmale entlang dem Fensterrahmen. »Und dort auf der Treppenstufe ist noch einer. Die Demonstration ist damit abgeschlossen.««

Ein Zuhause für immer Gill Lewis 2017-08-04

Eine anrührende Familiengeschichte Wenn das Jugendamt vorbeikommt, räumt Scarlet die ganze Wohnung auf – nur ihr eigenes Zimmer macht sie unordentlich, damit es authentischer wirkt. Und auch sonst führt Scarlet kein normales Teenagerleben. Sie kümmert sich um ihren

autistischen Bruder Red, für den sie die einzige Bezugsperson ist. Das geht so lange gut, bis ihre Mutter mit einer Zigarette in der Hand einschläft. Zwar werden alle aus der brennenden Wohnung gerettet, doch nun werden die Geschwister getrennt. Scarlet kommt in eine liebevolle Pflegefamilie. Aber wo ist Red? Scarlet weiß genau, dass ihr Bruder ohne sie verloren ist.

Die Legende von Sleepy Hollow Washington Irving 2012 Die Serie "Meisterwerke der Literatur" beinhaltet die Klassiker der deutschen und weltweiten Literatur in einer einzigartigen Sammlung für Ihren eBook Reader. Lesen Sie die

besten Werke großer Schriftsteller, Poeten, Autoren und Philosophen auf Ihrem Reader. Dieses Werk bietet zusätzlich * Eine Biografie/Bibliografie des Autors. "Die Legende von Sleepy Hollow" ist eine Erzählung des amerikanischen Schriftstellers Washington Irving (1783–1859), die 1820 als Teil seines „Skizzenbuchs“ erschien. Die Geschichte von der nächtlichen Begegnung des Landschulmeisters Ichabod Crane mit einem geisterhaften „Reiter ohne Kopf“ ist bis heute eines der bekanntesten Werke der amerikanischen Literatur und ist in die amerikanische Folklore und Populärkultur

eingegangen. (aus wikipedia.de)

Scarlet Pimpernel Emmuska Orczy 2018-02-20

Wer ist Scarlet Pimpernel? Wer verbirgt sich hinter dem Zeichen jener unscheinbaren Blume, der scharlachroten Pimpernelle? Die englische Gesellschaft am Londoner Hof hat den geheimnisvollen Unbekannten zu ihrem Helden erkoren, die Damen träumen von ihm, die Männer bewundern ihn, und einige junge Adlige folgen ihm blindlings. Die Revolutionäre im Paris von 1792 dagegen fürchten ihn; sie hassen das

scharlachrote Siegel, das Zeichen des Scarlet Pimpernel, verkündet es ihnen doch, daß es dem listigen Engländer wieder einmal gelungen ist, bedrohte Aristokraten auf abenteuerliche Weise aus Paris nach England zu schmuggeln und so vor der Guillotine zu retten. Sie haben sich geschworen, Scarlet Pimpernel zu entlarven, ihn zu fangen und zu verurteilen. Für dieses Unternehmen scheinen sie auch eine einflußreiche Verbündete gefunden zu haben: die schöne Marguerite Blakeney, die aus Paris stammt und in London unglücklich verheiratet ist. Aber Scarlet Pimpernel geht seinen Häschern

nicht in die Falle ...Waghalsige Abenteuer,
raffinierte Intrigen und eine zauberhafte
Liebesgeschichte – der Roman von Baroness
Orczy ist eine unglaublich spannende Lektüre.

Teaching Your Secondary ELLs the Academic Language of Tests r4Educated Solutions
2011-10-05 Research shows that when English language learners understand the vocabulary used on tests, their scores soar—critical information for schools in an age of testing and accountability. This manual provides evidence-based, teacher-friendly lesson plans that will help English language learners deal with unfamiliar language features on standardized test questions.
Teaching Your Secondary ELL Students the

Academic Language of Tests supports English language arts teachers in grades 6-12 in providing instruction for content-specific language skills. Each lesson plan provides background information for the teacher, implications for high-stakes testing, a list of materials, academic vocabulary, activities, and in many cases, graphic organizers.
