Random Acts of Fantasy (Random #3) (BBW Romance)(Rock Star Romance) Julia Kent 2014-04-15 From New York Times bestselling author Julia Kent comes the newest in her Random series: You ever really think that you'll win the lottery? Meet Mr. Right? How about two Mr. Rights? Somehow the universe is handing me everything I want (except for that lottery part...), and I don't like it. Not one little bit. Because just when you get all your dreams handed to you on a silver platter, that's when an airplane dumps its sewage on your house. Or your mama's diabetes takes a bad turn. Or your mobile phone gets stuck in your hoohaw. (What? It happens...) Boring old average me got everything I wanted already, moving from small-town Ohio to big-city Boston to follow my heart. So when the fancy invitation offering me a pile of money to come with the band, Random Acts of Crazy, to perform on an island resort and be their manager arrived, I thought it was a cosmic joke. Enough money to help my mama get what she needed, five days in sunny paradise, and a shot at greatness for the band? Unreal. One big shoe was waiting to drop. On my head. Just like no one really ever finds a naked man wearing only a guitar standing by the side of the road hitchhiking and ends up falling in love with him and his friend and moving halfway across the country for true love, no one gets an invitation to come to what turns out to be a resort where people make what me and Joe and Trevor do together look like a chaste peck on the cheek. But... Well. I guess these things do happen. To me. * * * Random Acts of Fantasy is part of the 27-author Invitation to Eden series (<http://www.invitationtoeden.com>). Shopping for a Billionaire's Fiancee (Shopping #6)(Billionaire Romance) (Romantic Comedy) Julia Kent 2015-02-26 All of our best dates end up in the emergency room.... I planned the perfect proposal. Plenty of lobster, caviar, champagne and--her favorite--tiramisu. The perfect setting. The perfect woman. The perfect everything. Dad gave me my late mother's engagement ring, platinum and diamonds galore. Shannon wouldn't care if I slid a giant hard-candy ring on her finger instead of a three-carat diamond designed to impress. But my future mother-in-law, Marie, will pass out when she sets eyes on that rock, which will give us two minutes of blessed silence. That woman talks more than Kim Kardashian flashes her naked backside on the internet. I was going to make it perfect, from the color of the tablecloth to the freshness of the roses. And it was perfect. Until Shannon swallowed the ring. * * * Shopping for a Billionaire's Fiancée gives near-billionaire Declan McCormick the chance to tell his story in this continuation of the New York Times and USA Today bestselling Shopping for a Billionaire series. **** Read what others are saying about Julia Kent: "Heartwarming and intensely emotional, Our Options Have Changed is witty, sexy and hilarious with a heroine you admire and a hero you can't help falling in love with." -- Helena Hunting, New York Times bestselling author "Reading a Julia Kent book is like taking a vacation with your best friends. Field & Stream 1991-07 FIELD & STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations. **Figurations of Exile in Hitchcock and Nabokov** Barbara Straumann 2008-12-16 This book makes an important contribution to cultural analysis by opening up the work of two canonical authors to issues of exile and migration. Barbara Straumann's close reading of selected films and literary texts focuses on Speak, Memory, Lolita, The Real Life of Sebastian Knight, Suspicion, North by Northwest and Shadow of a Doubt and explores the connections between language, imagination and exile. Invoking psychoanalysis as the principal discourse of dislocation, the book not only uses concepts such as 'screen memory', 'family romance', 'fantasy' and 'the uncanny' as hermeneutic foils, it also argues that, in their own ways, the arch-parodists Hitchcock and Nabokov are remarkably in tune with the images and tropes developed by Freud.

Sex, Love, and Romance in the Mass Media Mary-Lou Galician 2004-07-16 This accessible yet research-based text offers both foundational theories and practical applications of analysis and criticism of mass media portrayals of sex, love, and romance in a wide variety of mass media, from entertainment to advertising to news. The multidisciplinary methodological perspective comes out of a media literacy approach and embraces a variety of traditions along the quantitative-qualitative continuum. Focused on portrayals of male-female coupleship, the book is centered around the 12 major myths and stereotypes of Galician's Dr. FUN!'s Mass Media Love Quiz®, each of which has a corresponding Dr. Galician Prescription® that encapsulates healthy strategies--rarely found in the mass media--to counteract that myth or stereotype. Readers learn how to identify, illustrate, deconstruct, evaluate, and reframe the mass media's mythic and stereotypic portrayals of sex, love, and romance. They also learn how to use their own formal critical evaluations to clarify their own values and--as media consumers or mass communication creators--to share their insights with others. Thus, the learning objectives encompass all three major educational domains: cognitive, affective, and behavioral. Part I of this book covers the five foundations: *myths and stereotypes of love and coupleship; *models of realistic and constructive love and coupleship; *mass media storytelling approaches, techniques, and devices; *research and theories of mass media effects; and *strategies and skills of media literacy. Part II is devoted to exploring the myths and stereotypes identified in the Quiz. Following several brief case studies and a summary of related research and commentary, each chapter focuses on analyses and

criticisms of portrayals of sex, love, and romance in the content of news and advertising, as well as entertainment using Galician's Seven-Step Dis-illusioning Directions. Each chapter concludes with a "Dis-illusion Digest." While critical of unrealistic portrayals and the damage they can cause unsuspecting media consumers, Galician--a media literacy advocate--is not anti-media. Rather, her goal is to empower consumers to use these portrayals with more awareness of their possible consequences, to resist adopting them as models for actual behavior, and to consciously reframe them into more realistic, productive scenarios. This unique text is an engaging classroom resource for media literacy, media and relationships, and media and society coursework.

Using the 1970s revolution of new dance as a hinge, Claid looks back to ballet and forward to British independent dance which is new dance's legacy. She explores the shifts in performer-spectator relationships, and investigates questions of subjectivity, absence and presence, identity, gender, race and desire using psychoanalytical, feminist, postmodern, post-structuralist and queer theoretical perspectives. Artists and practitioners, professional performers, teachers, choreographers and theatre-goers will all find this book an informative and insightful read.

Failure to Pursue David Frey 2016-10-24 Was the Civil War preordained to last four years or were there reasons why neither side could land a knockout punch? From the outset, both North and South had anticipated a brief conflict but despite more than 50 bloody battles neither could force a decisive conclusion. For most of the war, these battles followed a pattern: the victors claimed the field and the vanquished retreated to rest, resupply and fight another day. Some generals began to realize that pursuit to capture or destroy the retreating enemy was needed to end the war—not an easy task. Taking a fresh look at the tactics that characterized many major combat actions in the war, this book examines the performance of unsuccessful (sometimes insubordinate) commanders and credits two generals with eventually seeing the need for organized pursuit.

After finding themselves in the same summer class, the two put off the discussion of Lucas' porn career and agree to date casually. But if they can negotiate a compromise, they might just end up someplace extraordinary.

Colorado Vanguards: Historic Trailblazers and Their Local Legacies Phyllis J. Perry 2015 Colorado history is filled with maverick men and women who shaped the state's identity and culture. Trailblazers Zebulon Pike and Stephen Long laid groundwork for the miners, farmers and statesmen who helped the area evolve into a territory and a state. Father of Rocky Mountain National Park Enos Mills and writer Isabella Bird praised the surrounding natural splendor and championed its preservation. Entrepreneurs Otto Mears and William Jackson Palmer linked mines with towns such as Colorado Springs and Telluride, while the innovations of F.O. Stanley and Nikola Tesla energized the state. Author Phyllis J. Perry chronicles the lives of thirty men and women who left their indelible marks on Colorado.

Gatekeepers William Marling 2016-03-15 The romantic idea of the writer as an isolated genius has been discredited, but there are few empirical studies documenting the role of "gatekeeping" in the literary process. How do friends, agents, editors, translators, small publishers, and reviewers—not to mention the changes in technology and the publishing industry—shape the literary process? This matrix is further complicated when books cross cultural and language barriers, that is, when they become part of world literature. *Gatekeepers* builds on the work of Pierre Bourdieu, Randall Collins, James English, and Mark McGurl, describing the multi-layered gatekeeping process in the context of World Literature after the 1960s. It focuses on four case studies: Gabriel García Márquez, Charles Bukowski, Paul Auster and Haruki Murakami. The two American authors achieved remarkable success overseas owing to canny gatekeepers; the two international authors

benefited tremendously from well-curated translation into English. Rich in archival materials (correspondence between authors, editors, and translators, and publishing industry analyses), interviews with publishers and translators, and close readings of translations, this study shows how the process and production of literature depends on the larger social forces of a given historical moment. William Marling also documents the ever-increasing Anglo-centric dictate on the gatekeeping process. World literature, the book argues, is not so much a "republic of letters" as a field of chance on which the conversation is partly bracketed by historic events and technological opportunities.

Right Turns Michael Medved 2004-12-28 Nationally syndicated talk-radio host and noted film critic Michael Medved has taken an extraordinary journey from liberal activist to outspoken conservative. Along the way he has earned millions of admirers—and more than his share of enemies—by advancing controversial, often counterintuitive arguments, including: • Liberals love losing because it makes them feel virtuous • America isn't normal—it's bizarrely blessed • Hollywood has lost touch with America—and punishes people who point that out • Conservatives are both happier and nicer than liberals • Talk radio is a source of hope, not hatred • Business isn't exploitative—it's heroic • There is no such thing as "planned parenthood" • A more Christian America is good for the Jews • Do-it-yourself conservatism provides the only cure for save-the-world liberalism In the candid, electrifying *Right Turns*, Medved chronicles the adventures that taught him these and many other lessons—the startling events that propelled him from Vietnam protest leader to optimistic promoter of American patriotism, from secularism to religion, from adventurous single guy to doting husband and father. In the process he skewers leftist orthodoxy, revealing why the Right is right and why his former colleagues on the Left remain hopelessly wrong on every cultural, political, and social issue. Medved enters today's ideological fray armed with experience as, among many other things, a campaign aide for radical Democrats, a minority recruiter for police departments, a Hollywood screenwriter, a Bobby Kennedy volunteer, a teacher at religious schools, a world-champion hitchhiker, an expert on bad movies, and a veteran TV host on PBS and a British network—who declines to own a TV himself. Medved relishes the contradictions behind the high-profile controversies in which he's played a leading role—as a prominent movie reviewer who attacked the film industry in a bestselling book, as an observant Jew whose radio show is a favorite with evangelical Christians, as a writer once designated the "Bard of the Baby Boomers" who now expresses contempt for his generation's arrogant indulgence, and as a fearless battler who has sought advice from both Rush Limbaugh and Hillary Clinton and has given advice to both Mel Gibson and Barbra Streisand. *Right Turns* displays the slashing argument and disarming wit that have made Medved's radio program America's number one show on politics and pop culture.

Happiness Dissected Mark Devon 2015-08-26 Emotions are not a mysterious soup in your head! This book dissects happiness into our individual emotions based on their evolutionary or biological purpose. This dissection reveals many breakthrough insights: you only fall in love with strangers; women only fall in love with men of equal-or-higher rank; men fall out of love 4 years after meeting a woman; you only envy former peers – like siblings and classmates; you only feel humor when others make a mistake you could make, a mid-life crisis occurs when your rank plateaus and you stop feeling pride; we say please and thank you so others don't feel humiliation; we only cry because we're lonely.
